West Indian Lime

<sup>1</sup> If soil is deep sand, variety should be grafted onto Nemaguard or Nemared rootstock.

<sup>2</sup> Need more than one variety for pollination

<sup>3</sup> Certain muscadines can be self-fertile or female only. Plant 1 self-fertile variety for every 6 female varieties.

Educational programs conducted by Texas A&M AgriLife Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.
